Subject-Verb Agreement

The subject is the noun(s) that the sentence is about.
A verb is a word that expresses an action or state of being.

Example: Janet gossips excessively.

The verb of a sentence must agree with the simple subject of the sentence in number and person.

Number refers to whether a word is singular or plural.

For example, look at the two sentences. Which one has an incorrect subject-verb agreement.

Incorrect Example: They is playing Dungeons and Dragons.

Correct Example: They _____ playing Dungeons and Dragons.

Explanation: Since “they” is a plural pronoun (the subject), the verb form for “to be” needs to be “are” because that matches the plural “they” rather than the singular verb “is.”
